### **Swiss mega rockstar, Alfonz “Talfi” Barta, makes beautiful Florida his new home**

Multi-diamond, multi-platinum, and multi-gold record-winner musician, composer and orchestrator, Alfonz “Talfi” Barta, has chosen Sarasota, FL to be his new home and scene of music.

The famous keyboard and piano player is best known as the former member of the top-selling European rock band, *Edda Muvek*. Originally born in Hungary, at a young age he escaped the communist regime. Alfonz “Talfi” Barta immigrated to Switzerland where he had lived for over two decades. During his European career, the multi-lingual (German, English, & Hungarian) star had played on eight records and performed over 2,500 concerts around the world, including the USA, Germany, Switzerland, Russia, Poland, Czech Republic, Slovak Republic, Bulgaria and Hungary. In addition to contributing to film scores, he was also the featured pianist for Hilton Hotels, Basel, Switzerland.

His wide spectrum of musical knowledge (that includes bass guitar and drums) helped him to establish himself in Florida, where he moved with his business partner and manager, Sophie Barta, and created his American dream company, Talfi Music Production, LLC.

This long-time power couple places heavy emphasis on integrity, trustworthiness and professionalism. Commitment to quality is why Alfonz “Talfi” Barta was asked recently to sing the American, Hungarian and Transylvanian National Anthems at the *2nd Hungarian Festival* and the United States Citizenship Ceremony in Sarasota, FL in the presence of Congressman Mario Diaz Balard and Ambassador of the Republic of Hungary, Dr. Gyorgy Szapary. Just last month, Alfonz “Talfi” Barta also debuted as the new keyboard player for Hose Felicianos’ Latin band, an event that attracted over 2,000 visitors.

While Alfonz “Talfi” Barta continues to flourish as a musician, composer and orchestrator, his company offers state of the art sound and music equipment, professional event planning, organization and management, all led by Sophie Barta, who received her degree in Hospitality Management, and previously had worked at numerous high-end-hotels as a manager. Exclusive event planning is her profession and hobby, she says. The news about the hard-working couple is spreading fast. Accordingly, the company has received several requests for local ethnic festivals and annually organized events.
